POLICY MEMORANDUM 02-2020

TO: All Consultants, Developers, Regulatory Agencies and Others

THRU: Steven E. Darcey, CPESC
Executive Director

FROM: John B. Tarr, P.E.
Chief Engineer/Program Manager

SUBJECT: Update to Sequence of Construction General Notes on Grading Erosion
and Sediment Control Plans

EFFECTIVE IMMEDIATELY

All grading, erosion and sediment control plans submitted to the Prince George's Soil Conservation District (District) for review/approval shall effect the below updates to the sequence of construction. This update supersedes all previous revisions.

Prior to starting demolition and/or construction activities, a pre-construction meeting must be conducted on-site with the erosion and sediment control inspector (Prince George's County Department of Permits, Inspection and Enforcement (DPIE) – for Buildings at 301-883-5390; for Site Development at 301-883-3820).

Additionally, prior to installing sediment control measures or to land disturbance, please refer to Note 'C' of the General Notes on this sheet.

This requirement is retroactive to all projects currently in review.

Please contact the District at 301.574.5162 Ext. 3 should you have questions or require additional information relating to this policy.
